A Design as Graceful as the Tree for Which It's Named

With sunroom, the Aspen Deluxe offers 1,832 square feet of effortless one-floor living, plus a 459-square-foot two-car garage. You'll fall in love with its graceful exterior and open interior. The inviting foyer leads to the spacious living room, and the dining area opens to a bright sunroom. Other highlights include a master suite with walk-in closet, laundry convenient to the master, a second bedroom/study, and a second bath.

A complimentary two-hour consultation with an interior designer is included with every home.
